All-in-one Compact System

An **Email Blast System / Email Marketing System** for Small & medium Business, can be used to distribute large number of email.

- Email Distributing System
- Database Management System
- Email (Email Template) Composer
- Email Importer

Tech Specs

Hardware : 1 Tower Server (1 Year Warranty by manufacturer)

Processor : Intel® Xeon® processor

Operating System : Linux

Memory : 8GB

Storage : 500GB

Brand : DELL / HP/ Lenovo

System : Email Distributing System by PicoCentury

Email Searching System by PicoCentury

Database Management System by PicoCentury

Capacity

Email Distributing System : 50,000 emails / day (*1)

Email Searching & Collecting System : 100,000 urls / day (*2)

Database : 10 millions for Email Distributing System

20 millions for Email Searching System

Mail Server (Rental)

Location : Data Centre

Type : Rental
Quantity : 1
1st Year : Free
Renewal : RM6,000 / year (*3)

Training

System : 1 day

Software (Freeware)

KompoZer For designing & editing HTML Email Template
FileZilla For uploading HTML Email Template

Features of the Email Distribution System
